

How to Identify GS (Gunnison Saltwater) and Saltwater Reels

The Ross GS Series (Gunnison Saltwater) Reels followed the "Original" S Series Reels and were produced prior to 1993.

Early GS Series (Gunnison Saltwater) Reels with replaceable One-way Plunger inserts and solid Spool Face.

The Saltwater Reel was produced between 1994 and 2000 and came in three sizes, the #3, #4 and #5. This reel had a variety of engraving patterns that included the one shown above as well as one that had Tarpon on the left and right side of the reel face.
